

HEALTH REGULATION PERTAINING TO THE FLOODPLAIN DISTRICT

The Board of Health, in reviewing all proposed water and sewer facilities to be located in the Floodplain District established under the Zoning Bylaw, shall require that:

1. new and replacement water supply systems be designed to minimize or eliminate infiltration of flood waters into the systems, and
2. new and replacement sanitary sewage systems be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters and onsite waste disposal systems to be located to avoid impairment to them or contamination from them during flooding.
