

PLATEAU WELL REDEVELOPMENT SFQ2021-014

The Town of Hamilton is soliciting quotes for the redevelopment of the Plateau Well located at 79 Pine Tree Drive.

The Plateau Well is currently in operation but is experiencing some operational issues and reduced draw downing. This well was redeveloped in October 2018. The Contractor will assist the Town to perform the redevelopment of the well and diagnose if repairs are needed for operation. As this well was redeveloped in 2018 and equipment was replaced, repairs are assumed to be minimal. If repairs are needed they will be paid by way of time and materials separate from the redevelopment. The Town is looking to have this work done as soon as possible.

Scope of Work:

1. Work would include mobilizing and demobilizing of equipment and materials, including setup and tear down of equipment.
2. Removed and disassemble pump and motor and steam clean. Evaluate the well motor and pump and associated equipment and provide the Town a recommendation for repairs/replacement if needed.
3. Setup and remove surge equipment, provide and maintain contractor owned generator to power the equipment.
4. Estimate 40 hours machine time
5. Chemically treat well, estimate 200 gallons muriatic acid, chlorine etc.
6. Provide video post cleaning.

All quotes are due no later than **11:00 a.m. on Wednesday, November 4th, 2020** by email to tolson@hamiltonma.gov.
