Or they must use one of the supplied credit logos to recognize the MCC and its relationship the Hamilton-Wenham Cultural Council. Request for Payment forms are mailed to recipients upon final approval.

- **WHAT IS THE CRITERIA UPON WHICH GRANT DECISIONS ARE MADE?**

The Council is obligated to fund proposals, which individually or collectively benefit wide segments of the local population, including segments traditionally undeserved by cultural activities. They also evaluate proposals that are artistically, humanistically and/or scientifically valid and varied. Clarity, accuracy of information, and demonstration of planning on the application form itself will also be considered. School-related proposals must be for the enrichment activities and not for programs, supplies or salaries that should be part of the school budget. Call the council for clarification about school and library requests, or about any capital expenditure requests. The Council carefully scrutinizes repeat requests; such proposals should include other sources of support to show the project is not dependent solely on council funding.
