To whom it may concern,

Our neighbor, Denise Kelly, has discussed her plans to demolish her existing shed and replace it with a garage, which will have a larger footprint than the shed. We understand that the proposed new garage structure will come approximately 1' (one foot) closer to our property line due to the angle of the garage.

Denise also showed us the proposed house addition change on her plot plan and my husband and I are supportive of the proposed garage and her addition.

Kind regards,
