Dear Mr. Connors,

I'm writing this letter to implore you to remove the cease-and-desist order that has been placed on the High School's athletic field project.

It is my understanding our district met all the conditions necessary for this project to proceed. We also voted as a town, in favor of the project. Any obstruction from this project will directly impact our students. Do you know we currently lose approximately 20–25% of each 8th grade class going to private high schools? This is in part, a direct result of our horrible facilities.

Please reconsider and remove your cease-and-desist order.

Best regards,  
Kate Kranz
