Re: Application of New Cingular Wireless PCS, LLC d/b/a AT&T ("AT&T") for a Special Permit to Install a Small Wireless Facility to Replacement Pole # 943-84 in the Public Right-of-Way Near 18 Walnut Road, South Hamilton, MA 01982 (CRAN_RCTB_00073_665) Pursuant to Section 7.3 of the Town of Hamilton Zoning Bylaws (the "Bylaws") –Request for Continuance of the Public Hearing and Extension of Decision Dates, Including the FCC Shot Clock

Dear Honorable Members of the Town of Hamilton Planning Board:

On behalf of AT&T, while reserving all rights, please accept this letter as AT&T's request to continue the public hearing scheduled for September 16, 2025, to October 7, 2025, for the above-referenced matter. As you know, National Grid has approved the alternative location for the small wireless facility on the existing utility pole located near 15 Walnut Road (Pole #7 ½) which is adjacent to the shopping center and across from the gas station. AT&T submitted an application to the Planning Board for a special permit for this new location and if the application for the new location is approved by the Planning Board, we will request a withdrawal, without prejudice, of the pending application for the special permit near 18 Walnut Road. This new location should address the concerns expressed by the neighbors and abutters near 18 Walnut Road.

This letter also serves as our mutual agreement to extend to October 21, 2025 (the "Decision Date") all applicable decision and written decision filing deadlines under state, federal and local laws, regulations, ordinances and orders, including the FCC's so-called "shot clock" requirements. The Decision Date may be further extended by the written, mutual agreement of the Board and AT&T.

Sincerely,

BROWN RUDNICK LLP
